## DISASTER RESPONSE COVENANT

We, the Administrative Council of this Church, join in the community of God's people through the Disaster Response Plan for a Christ-centered response to the needs of all people in the event of a disaster. We understand that this plan calls upon us to participate as a part of the United Methodist Church at large for the ongoing well-being of God's people. This covenant is made to express our bond together as a community of interest in the nurture of all of God's people. We hereby express our intention to participate to the best of our ability in the event of any disaster in which we are called upon to help.
